MILEAGE WARRANTY CONDITIONS AND LIMITATIONS

Zero Pressure

ZP (Zero Pressure) tires have the same mileage warranty as the standard tire line they are part of, not to exceed 50,000 kilometres.

EXAMPLES:

- MICHELIN® PILOT® Sport PS2™ – 30,000 kilometres
- MICHELIN® PILOT® Sport PS2™ (ZP) – 30,000 kilometres
- MICHELIN® PILOT® Sport A/S 3+ – 70,000 kilometres
- MICHELIN® PILOT® Sport A/S 3+ (ZP) – 50,000 kilometres

Winter Tires

To maintain coverage under the limited warranty for treadwear, MICHELIN® Winter tires require documentation of the timing of the installation and removal of the tires each winter. Winter is defined as the period beginning no earlier than September 1 of a given year and ending no later than April 30 of the following year.

DOT-Approved Competition Tires

DOT-approved competition tires are excluded (e.g., MICHELIN® PILOT® Sport Cup 2 tires).

Commercial Usage

The mileage warranties are not applicable to commercial usage (e.g., MICHELIN® Agilis® Alpin™ tire).

Split Fitments

Some vehicles come from the vehicle manufacturer with “split fitments” – meaning different sizes of tires on the front and rear axles. Because these tires cannot be rotated as recommended by Michelin, the mileage warranty on each rear tire will cover half the number of kilometres as the standard mileage warranty for that particular tire design.

EXAMPLE: 2008 BMW M3

MICHELIN® PILOT® Sport PS2™ with 30,000-kilometre limited warranty
Front: 245/40R18 (30,000 kilometres) Rear: 265/40R18 (15,000 kilometres)
